LAS VEGAS – October 1, 2018 – PlayAGS, Inc. (NYSE: AGS), through its subsidiary AGS LLC (“AGS” or the “Company”), a leading designer and supplier of electronic gaming machines, table products, and interactive solutions for the gaming industry, is obsessed with the game, and nowhere will this be more obvious than in the Company’s nearly 7,000 square foot exhibit No. 1253 at the Global Gaming Expo (“G2E”) October 9-11 at the Sands Expo® and Convention Center in Las Vegas.

This year, AGS will showcase more than 80 slot and table games, along with its full host of AGS Interactive solutions – all designed to deliver an exceptional player experience and help gaming operators boost their bottom line.

AGS President and Chief Executive Officer David Lopez said, “We have had a monumental year because of our team’s relentless focus on innovation, customer partnerships, and culture. The results of our hard work will all culminate at G2E, where the strength of our business will be on full display. We’re excited to give customers an early peek at our third *Orion<sup>SM</sup>* cabinet and demonstrate our large library of new game titles, expanding table products portfolio, and new mobile solutions proven to drive off-property revenue and engagement. It’s an exciting time at AGS and visitors to our booth will feel that energy.”

**Obsessed with the Player Experience**

In the Company’s expansive games display, AGS will highlight a host of engaging game content for its *Orion Portrait*, *Orion Slant*, and *ICON™* platforms, designed to delight players and drive revenue for Class II and Class III markets.

Taking center stage will be AGS’s newest cabinet innovation – the *Orion Upright*. This sophisticated new addition to the Company’s high-performing *Orion* family features dual 27-inch displays, a 21.5-inch LCD topper, LCD button deck, high bright accented bash buttons, a USB charger, and the *Orion*’s distinctive starwall design featuring 420 game-synchronized full-color LED lights for an innovative gameplay celebration. AGS is launching the *Orion Upright* with a library of exclusive new titles and AGS greatest hits.
