Building on its success in high-denom rooms, Aristocrat will display new products designed for high-limit players with video games including Buffalo™ High Limit, Pompeii™ High Limit, and Win Line™ and new stepper titles including Make That Cash™, Wild Wild Wild™, Jackpot Hits™, and Wheel Max™.

The most popular game in North America is a focal point at casinos from coast to coast and the instantly legendary Buffalo Link™ will be a focal point at G2E as well, standing tall amongst other recently released player favorites including Wild Wild Buffalo™ and Timber Wolf Diamond™.

The all-new adventure of Game of Thrones™ Kings Landing will be in the booth, shining like oracles of what's to come from Aristocrat – new titles that will be revealed only when the curtain rises at Aristocrat's booth.

VGT Class II Innovations by Aristocrat Gaming brings recognizable, high-performing Class II-only content on superior hardware combined with top trending features and mechanics. Aristocrat's customer experience (CX) solutions drive and enhance the guest experience, and the company will show dozens of cutting-edge and innovative CX solutions, including leading solutions for contactless and cashless gaming, such as Aristocrat's Digital Wallet™, the fast and simple way players can fund their entertainment experience online or on an app.

Also enhancing the guest experience is Aristocrat's PlayerMax™ loyalty app, which links guests to their account status and allows for fun interactive brand features like gamification and in-app notifications; the Oasis Loyalty™ Kiosk, an all-in-one solution that combines card re-printing with promotional tools; and Tickets at the Table, which gives guests a seamless slot-to-table experience.

Guest experience meets employee experience in Drinks on Tap™, a fully mobile-based solution that allows guests to easily order drinks, food, merchandise, and more right at the EGM through the nCompass™ unit. Guests can even pay and tip for beverages using comps or points. On the staff side, Drinks on Tap helps increase efficiencies by automatically directing drinks to the nearest service well, viewing when servers are available or on break, and it even integrates with MICROS and InfoGenesis.

Aristocrat also helps enhance the employee experience with Oasis 360 apps for mobile devices such as EnrollMix™, which lets staff quickly enroll players into the player's club from anywhere on the casino floor; and FloorFocus™, a slot dispatch solution that notifies floor attendants and slot technicians when an EGM needs immediate service and does it all in real time.

Operators everywhere love the leading ONE LINK™ solution with advanced technologies for progressive management, bonusing, and media management; and Aristocrat's nVision™ is a business intelligence tool that empowers operators to better use data with interactive dashboards and customized reporting.
