Exciting New Hardware & Innovation

With the continued expansion of the Company's game theme portfolio to include new premium and licensed content, Everi is set to debut an exciting lineup of powerful new hardware options that leverage the new game themes to create unique gaming experiences.

Everi will debut the **Empire MPX™** cabinet, (also dubbed the **E43**), as a for-sale offering with non-licensed themes at G2E. Thanks to its unique cabinet shape that allows for optimized bank configurations, the E43 cabinet allows operators to place more units in a dedicated space and save up to 25% casino floor space compared to traditional bank configurations. The E43 also features a 43-inch full HD display, game-controlled lighting with backlight feature, and a new ergonomic LCD button deck with USB charging docks.

The all-new **Empire 5527** premium lease cabinet features a portrait-oriented 55-inch upper display and landscape-oriented 27-inch lower display that are sure to dazzle players. The Empire 5527 cabinet leverages proven technology from the Company's *Empire MPX* to deliver an exciting new player experience with visuals never before seen on an Everi gaming device. Upping the bar to create immersive gaming experiences and engaging player bonus features, Everi is introducing its next-generation **Nitro™** media system to new areas of the slot floor at G2E 2017. The *Nitro* media system helps power new visual effects and engaging game features that can be displayed bank-wide across connected top box screens as well as on overhead signs and toppers such as the Company's 65-inch, full HD overhead Foundation™ sign.

By leveraging the combined power of the Empire 5527 and *Nitro*, Everi will debut an all-new premium banked game solution. The new **Empire Arena** creates immersive gaming experiences and bank-wide bonuses that are sure to grab players' attention from across the entire gaming floor.

A new larger-than-life sign package, **Renegade 3600™**, delivers three 43-inch convex curved monitors which combine to create a unique visual bonus experience, and its sign-based speaker package supplements the sound capabilities of the individual gaming cabinets to offer a unique floor-wide celebration environment that is sure to turn heads.

Everi Bet™ version 2.0 will be implemented on a variety of new titles. The newest version of *Everi Bet* builds on the revolutionary original offering and allows operators to optimize their gaming floors by easily configuring enabled games while preserving hit rates and maintaining intended volatility. *Everi Bet* 2.0 will also include accelerated game features as the players ramp up their bets on certain new theme deployments.

Exciting New Licensed Content

Everi's strategic focus on expanding its portfolio of third-party content continues to leverage brands and themes that lend themselves to logical player appeal and innovative game play mechanics. The fruits of this ongoing effort will be on full display at G2E 2017 as Everi will debut exciting new games based on well-known entertainment properties, personalities and characters – including ***The Brady Bunch™***, ***Willie Nelson™***, ***Buffy The Vampire Slayer™***, ***Knight Rider™***, ***Singin' in the Rain™***, ***Discovery Channel's Shark Week™***, and ***Hot Stuff™*** – that are sure to raise the bar for players.

The legendary country music of Willie Nelson, one of the most iconic American singer-songwriters of all time, will debut on slot floors with two new games for Everi's Player Classic®

mechanical reel cabinet – **Willie Nelson’s Shotgun Willie™** and **Willie Nelson’s Whiskey River™**.

The new ***Buffy The Vampire Slayer*** for the *Empire MPX* cabinet is a 5-reel, 1024-ways video game that showcases Buffy Summers, Sarah Michelle Gellar’s popular “Slayer” character, battling against the vampires and demons of the paranormal world that emanates from the Hellmouth beneath Sunnydale High School’s library.

Knight Rider, the classic NBC television series starring David Hasselhoff as Michael Knight and his AI-equipped car, KITT, comes to life on both the Core HDX® and Player HD® cabinets in a new 5-reel, 30-line video game.

Singin’ in the Rain, based on the classic American romantic-comedy movie musical which ranks in the top ten on the American Film Institute’s 100 Greatest American Movies of All Time list, is a new 3-reel, 5-line mechanical game making its debut on the Skyline cabinet. Featuring a symbol-triggered Wide-Area Progressive jackpot award and a free spin bonus that showcases the iconic song and clips from the film, this new game will surely excite traditional mechanical game players.

A new key content introduction for *Empire Arena* is Discovery Channel’s ***Shark Week*** bank-wide bonus game. *Shark Week* brings undersea adventure to life in a spectacular new way as the capabilities of *Nitro* drive thrilling new bank-wide bonus offerings and big win celebrations for a banked array of six gaming devices. The immersive environment features colorful tropical fish and sharks swimming in constant motion across the *Nitro* System-controlled top screens, interacting with the on-screen coral reef and even down onto the player’s LCD button panel, providing stunning visuals that draw players’ attention from across the slot floor.

The debut game for the Empire 5527 is ***The Brady Bunch***, a new licensed title based on the classic 1970’s sitcom. Under license by CBS Consumer Products, it will feature the show’s beloved characters along with a variety of bonus games that include video clips and sound from the show’s most memorable moments. There are multiple mystery bonus triggers and two exciting picking bonuses – including the Hawaii Pick, which offers the chance to win the Grand Progressive, and the Sunshine Day free spins, which offers a frequent retrigger and increasing multiplier – along with a featured “Marcia, Marcia, Marcia” bonus that brings Maureen McCormick’s legendary Marcia Brady character to life.

Hot Stuff’s Diamond Blaze™, Everi’s new Class II and Class III WAP banked solution, creates a larger-than-life experience for the entire casino floor thanks to the new *Renegade 3600* sign package. *Renegade 3600* creates a unique visual bonus experience by combining three 43-inch convex curved monitors and individually controlled LED lighting around each monitor for exciting big win anticipation and a celebratory light show.

The award-winning, industry-leading *TournEvent* slot tournament solution has been a centerpiece of Everi’s Global Gaming Expo presence for more than nine years and a centerpiece of casino floors for nearly as long. Offering unparalleled operator flexibility and player entertainment, and powered by *Nitro*, *TournEvent* 5.0 takes the *TournEvent* fun to a new level with a number of administrative upgrades and exciting new out-of-revenue games.
