**TCSJOHNHUXLEY delighted to be exhibiting at G2E**

**TCSJOHNHUXLEY** the leading manufacturer and supplier of world-renowned live gaming products and services, is delighted to be exhibiting in its usual booth #4439, as G2E kicks off today. After a two-year hiatus, the industry has been eagerly awaiting getting together again as well as seeing the latest innovations, so the importance of being at this influential event is not lost on the company or its team.

With so many travel restrictions still in place and many international visitors and suppliers unable to attend, having a full-scale operation in Las Vegas (as well as all the world's other major gaming jurisdictions), has allowed **TCSJOHNHUXLEY** to exhibit as normal. It also ensures the company is always able to provide exceptional service and support, quickly, efficiently on the ground and in the same time zone. This significant investment and commitment to the market echoes the global service, local care mantra that is so important to **TCSJOHNHUXLEY** and ultimately its customers' too.

Steph Nel, **TCSJOHNHUXLEY** Managing Director for the Americas said, *"We are grateful to be able to exhibit at a major trade show again and connect with so many customers and friends. The significance of having our booth filled with our latest innovations and products such as Qorex, Blaze, our world beating Roulette wheels, Ora winning number displays, Chipper Champ Pro and our market-leading gaming layouts, endorses yet again, our commitment to the Americas market. We are looking forward to a great show!"*
