

# Stretch Network Will Host A Live Poker Tournament During ICE London 2024

Stretch Network will host a live poker game during ICE London 2024, on February 6 & 7 at 3 PM.

The game will take place in Sit & Go, freeroll format and during the first two days of the Expo.

Stretch Network is aiming to connect poker enthusiasts and those who respect and are passionate about the game.

Commitment is not just providing an opportunity to run a poker business (multichannel poker software, powerful solutions, engaging promotions or ongoing maintenance). It is centred on creating an environment where everyone is connected by the same passion – POKER whether it's experienced live or online.

This is the first live poker game hosted by Stretch Network and it promises to be continuous.

Registration will be exclusively through QR codes to ensure that all registrants are guaranteed to attend the expo. No registration links will be provided.

Participants can register by scanning the QR code placed on the table.

9 Participants will be randomly selected, and those chosen will be notified via email one hour before the tournament starts.

As participants sign up with their e-mails, Stretch will send a reminder email to each participant an hour before the game.
