Power Boost Inferno™ (LAP)

Concerto upright & Slant

Power Boost Inferno is Konami's newest original linked progressive and will be showcased at ICE 2018 on Concerto for the first time. Players increase their odds for the Supreme jackpot up to 10x through selected extra credit bet contributions. When the mystery-trigger feature is awarded, a wheel with 3 levels of increasing prizes emerges from a lava inferno. According to bet level, players have a number of assigned pointers that spin around the wheel. With each spin, every pointer will land on a credit prize, progressive prize, or level up to the next level. The bonus continues until all pointers have claimed a prize, with the Supreme jackpot as the center top available award.

Smash Smash Festival™ (LAP)

Concerto upright & Slant

Bursting with fun fiesta flare and colorful celebration, Smash Smash Festival is another original linked progressive development featured at the Konami booth. Instead of traditional metering progressive prizes, this game progresses the number of available prizes in the jackpot pool with each mystery-trigger selection until a player is awarded the Smash Time bonus to redeem all prizes in the central pot. All jackpot amounts are fixed, and odds of achieving the mystery trigger increase with higher extra bet levels.

Luxury Jackpots™ (LAP)

Concerto upright & Slant

Luxury Jackpots is a 4-level linked progressive that is compatible with most any KP3® Platform base game and features an attractive \$10,000+ maxi jackpot. This mystery trigger progressive showcases a pick 'em bonus that allows players to match 3 symbols to determine their progressive level award. Each jackpot level is represented by luxury items of increasing value including a sports car, speed boat, and private jet.

Fortune Streams™ (SAP)

Concerto upright & Slant

Fans of Konami's virtual coin-pusher progressive Jackpot Streams™ can now enjoy that same excitement and anticipation with new Asian-inspired art elements in Fortune Streams. When the 4-level mystery progressive feature is triggered, twin dragons breathe flames onto the lower reels and a spinning drum is revealed to determine the random prize slot locations. Coins then cascade onto the screen, pushing additional coins and jackpot tokens toward the player as they watch to see which prize will become their awarded cash bonus. Extra bet amounts and increment rates are operator configurable, and Fortune Streams can be conveniently combined with most any KP3+® platform base game including Chili Chili Fire™ and Dragon's Law Twin Fever™.

Lotus Land Deluxe Wild™

Concerto Crescent & Stack

The recognizable white tiger from Konami's top-performing Lotus Land™ is making its return with a new tall 6x5 reel format designed to showcase surprising multiplier game play on Crescent and Stack. During the free games, wild symbols appearing on reels 2, 3, and 4 transform into random multipliers, and can even trigger a bonus re-spin feature for additional wins.

Dragon Fury™

Concerto Crescent & Stack
