### **TCSJOHNHUXLEY delivers innovation and reliability to the iGaming sector**

**TCSJOHNHUXLEY** is a brand name instantly recognised as the world-renowned supplier of the highest quality live gaming equipment. Having been established for 45 years, our products and solutions are trusted globally for quality, innovation, reliability and security, with beautifully handcrafted products integrating seamlessly with the latest leading-edge technology.

These features not only appeal to land based operators, they are also crucial to online casinos that operate 24/7 businesses. With the ability to reach hundreds of thousands of players across the globe on a daily basis, reliability and security are key. That's why **TCSJOHNHUXLEY** is the live gaming equipment supplier of choice for the online gaming sector.

Having worked with many leading online gaming providers for numerous years, the company understands and knows how to overcome the challenges of lighting and recording a live game. From entirely matt wheels which help minimize issues of studio light reflection, to bespoke, award winning innovations and new games, **TCSJOHNHUXLEY** works in partnership with their iGaming customers to deliver quality products of the highest level with exceptional attention to detail.

These successful partnerships have seen collaborations with industry leading companies, such as Evolution Gaming, where they have developed a range of bespoke Roulette wheels and their award winning unique Dream Catcher game. This focused approach continues to deliver innovative, quality products that the iGaming industry and ultimately their players, know and trust.

Fredrick Bjurle, Director of Products Evolution Gaming, comments, *"We have worked with TCSJOHNHUXLEY for many years and have always been delighted with the quality of their products and the reliability of their Roulette wheels."* He continues, *"TCSJOHNHUXLEY has been an important partner in the development of many projects ranging from bespoke Roulette Wheels to the award-winning Dream Catcher. Their willingness and ability to innovate, coupled with their attention to detail, quality products and service level, has led to a very successful collaboration."*
