Game-Changing New Offerings Set Extraordinary Backdrop to “Play Harder. Play Smarter. Play AGS.” at G2E Booth #1253

LAS VEGAS, September 19, 2016 – When you play harder and play smarter, transformation happens. And for casino operators and players that play AGS, that transformation becomes excitement. In booth #1253 at the 2016 [Global Gaming Expo](#), AGS will invite the gaming world to experience how it’s been playing harder and playing smarter to deliver casino floors transformative new products, including its stunning, new premium cabinet [Orion™](#), its first-ever commercial-grade card shuffler [DexS™](#), and its new customizable, white-label [Bonus Spin™](#) progressive technology.

“This year’s G2E is historic for us – we’ve never introduced so many game-changing products on the world’s biggest gaming stage,” said David Lopez, AGS’ President and CEO. “We’ve truly transformed in the last year. We’ve strategically combined the strengths and talents of our diverse team since last year’s major acquisitions to design next-level products and content across our slot, table, and interactive product portfolios.”

The all-star of this year’s slot segment – AGS’ striking new premium cabinet *Orion* – features a 42” HD LCD portrait monitor encircled by 498 game-controlled emotive LED lights, which amplify the thrills of new games *Fu Nan Fu Nu™*, *Wolf Queen™*, *River Dragons™*, and more. Accompanying AGS’ new *Orion* cabinet will be the immersive, eye-catching, core cabinet [ICON™](#), which has powered the Company’s expanded Class III footprint across the country. New core-gambler style titles for *ICON – FireWolf II®*, *Fu Cat®*, and *Queen of Wonderland® with Fierce Factor™* – back-up an already proven game library. The mammoth, trend-setting presence of AGS’ *Big Red™* cabinet featuring the record-setting game [Colossal Diamonds®](#) also can’t be missed.

With more than 1,100 placements across the country in less than two years, AGS’ table product portfolio has taken the industry by storm and continues to accelerate. Headlining the table segment, AGS will debut its first card shuffler, the *DexS™*. This card shuffler, designed for poker rooms and hand-pitched or hand-dealt games, brings an economical and functional alternative to the marketplace. Also in the starting line-up is the new white-label version of the company’s *Bonus Spin™* progressive technology packed with updated graphics and software, new hardware, and customizable branding, paytables, and top awards. Adding more fuel to an impressive game library, AGS will also reveal new variations of blackjack and poker games, including [Mega Blackjack™](#), *Toss One 21™*, and *Cali Lowball™*.

AGS has also strengthened its interactive roster to include two new play-for-fun mobile apps, [Colossal Wins™](#) and [Lucky Vegas Casino™](#). These apps offer users access to player-favorite, original, land-based titles like [Royal Reels™](#), *So Hot®*, and *Colossal Diamonds*, as well as the recent land-based hit [Green Vault™](#). Booth visitors will have a chance to play these new apps and games, as well as experience the already highly-rated apps [Lucky Play Casino™](#) and [Vegas Fever™](#).
