FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended **June 30, 2016**

or

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____.

Commission file number 0-5734

AGILYSYS, INC.

(Exact name of registrant as specified in its charter)

Ohio

(State or other jurisdiction of
incorporation or organization)

425 Walnut Street, Suite 1800,
Cincinnati, Ohio

(Address of principal executive offices)

34-0907152

(I.R.S. Employer
Identification No.)

45202

(ZIP Code)

(770) 810-7800

(Registrant's telephone number, including area code)

N/A

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer," and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer

Non-accelerated filer (Do not check if a smaller reporting company) Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

The number of Common Shares of the registrant outstanding as of August 1, 2016 was 22,939,102 .

AGILYSYS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)
(Table amounts in thousands, except per share data)

1. Nature of Operations and Financial Statement Presentation

Nature of Operations

Agilysys is a leading technology company that provides innovative software for point-of-sale (POS), property management (PMS), inventory and procurement, workforce management, analytics, document management and mobile and wireless solutions and services to the hospitality industry. Our solutions and services allow property managers to better connect, interact and transact with their customers and enhance their customer relationships by streamlining operations, improving efficiency, increasing guest recruitment and wallet share, and enhancing the overall guest experience. We serve four major market sectors: Gaming, both corporate and tribal; Hotels, Resorts and Cruise; Foodservice Management; and Restaurants, Universities, Stadia and Healthcare. A significant portion of our consolidated revenue is derived from contract support, maintenance and subscription services.

We operate throughout North America, Europe and Asia, with corporate services located in Alpharetta, GA, and offices in Singapore, Hong Kong, Malaysia and the Philippines.

Basis of Presentation

The accompanying unaudited Condensed Consolidated Financial Statements include our accounts consolidated with our wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation. Our fiscal year ends on March 31st. References to a particular year refer to the fiscal year ending in March of that year. For example, fiscal 2017 refers to the fiscal year ending March 31, 2017.

Our unaudited interim financial statements are prepared in accordance with U.S. generally accepted accounting principles (GAAP) for interim financial information, the instructions to the Quarterly Report on Form 10-Q (Quarterly Report) under the Securities Exchange Act of 1934, as amended (the Exchange Act), and Rule 10-01 of Regulation S-X under the Exchange Act. Certain information and footnote disclosures normally included in the annual financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations relating to interim financial statements.

The Condensed Consolidated Balance Sheet as of June 30, 2016, as well as the Condensed Consolidated Statements of Operations, Condensed Consolidated Statements of Comprehensive Loss, and the Condensed Consolidated Statements of Cash Flow for the three months ended June 30, 2016 and 2015, are unaudited. However, these financial statements have been prepared on the same basis as those in the audited annual financial statements. In the opinion of management, all adjustments of a recurring nature necessary to fairly state the results of operations, financial position, and cash flows have been made.

These unaudited interim financial statements should be read together with the consolidated financial statements and related notes included in our Annual Report on Form 10-K for the year ended March 31, 2016, filed with the Securities and Exchange Commission (SEC) on June 10, 2016.

Correction of Errors

In connection with the preparation of our Condensed Consolidated Financial Statements for the second quarter of fiscal 2016, we identified errors in the manner in which we recognized revenue on contract support. Contract support revenue is recognized ratably over the term of the customer arrangement. In certain instances where contract support is an element of a multiple-element arrangement, we use a hierarchy to determine the fair value allocation for recognition of revenue on each deliverable. An error related to an input used in this allocation resulted in the overstatement of contract, maintenance, and support revenue of \$0.4 million for the three months ended June 30, 2015. The error was identified and

corrected during the second quarter of fiscal 2016. Additionally, during the second quarter of fiscal 2016, we identified errors in the manner in which we capitalize internal labor on software development projects. An error in the method by which internal resources account for administrative time resulted in the over capitalization of costs during the last six months of fiscal 2015 and the first three months of fiscal 2016. The error for each of the three months ended December 31, 2014, March 31, 2015, and June 30, 2015, was \$0.1 million. We corrected these errors during the second quarter of fiscal 2016.

In accordance with accounting guidance found in ASC 250-10 (SEC Staff Accounting Bulletin No. 99, Materiality), we assessed the materiality of the errors and concluded that the errors were not material to any of our previously issued financial statements. Correction of the errors is also not material to the three months ended June 30, 2015 or fiscal 2016 results.

2. Summary of Significant Accounting Policies

A detailed description of our significant accounting policies can be found in the audited financial statements for the fiscal year ended March 31, 2016, included in our Annual Report on Form 10-K. There have been no material changes to our significant accounting policies and estimates from those disclosed therein.

Adopted and Recently Issued Accounting Pronouncements

In March 2016, the FASB issued ASU 2016-09, Improvements to Employee Share-Based Payment Accounting. The amendments in this update involve several aspects of accounting for share-based payment transactions, including income tax consequences, classification of awards, and classification on the statement of cash flows. For public business entities, the amendments in this update are effective for annual periods beginning after December 15, 2016, and interim periods within those annual periods. We are evaluating the impact of adopting this guidance on our consolidated financial statements.

In March 2016, the FASB issued ASU 2016-08, Revenue from Contracts with Customers. The amendments in this update clarify the implementation guidance on principals versus agent considerations in FASB ASC 606. The effective date and transition requirements for the amendments in this update are the same as the effective date and transition requirements of ASU 2014-09 described below. We are evaluating the impact of adopting this guidance on our consolidated financial statements.

In February 2016, the FASB issued ASU 2016-02, Leases. The amendments in this update include a new FASB ASC Topic 842, which supersedes Topic 840. The core principle of Topic 842 is that a lessee should recognize the assets and liabilities that arise from leases. For public business entities, the amendments in this update are effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. Early application is permitted for all entities as of the beginning of interim or annual reporting periods. We are evaluating the impact of adopting this guidance on our consolidated financial statements.

In June 2015, Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-10, Technical Corrections and Updates. The amendments in this update cover a wide range of topics in the codification and are generally categorized as follows: Amendments Related to Differences between Original Guidance and the Codification; Guidance Clarification and Reference Corrections; Simplification; and, Minor Improvements. The amendments are effective for fiscal years and interim periods within those fiscal years, beginning after December 15, 2015. We adopted this standard during the first quarter of fiscal 2017. As the objectives of this standard are to clarify the codification; correct unintended application of guidance; eliminate inconsistencies; and, to improve the codification's presentation of guidance, the adoption of this standard did not have a material impact on our financial position or results of operations.

In May 2014, the FASB issued Accounting Standards Update (ASU) No. 2014-09, Revenue from Contracts with Customers, which converges the FASB and the International Accounting Standards Board standard on revenue recognition. Areas of revenue recognition that will be affected include, but are not limited to, transfer of control, variable consideration, allocation of transfer pricing, licenses, time value of money, contract costs and disclosures. In August 2015, the FASB amended the effective date and early adoption is permitted only for fiscal years beginning after December 15,

2016. We are currently evaluating the impact that the adoption of ASU 2014-09 will have on our consolidated financial statements or related disclosures.

The FASB has also issued the following standards which provide additional clarification and implementation guidance on the previously issued ASU 2014-09 and have the same effective date as the original standard: ASU 2016-12 and ASU 2016-10, "Revenue from Contracts with Customers: Identifying Performance Obligations and Licensing (Topic 606)". We are currently evaluating the impact that the adoption of the related ASU 2014-09 standards will have on our consolidated financial statements or related disclosures.

Management continually evaluates the potential impact, if any, of all recent accounting pronouncements on our consolidated financial statements or related disclosures and, if significant, makes the appropriate disclosures required by such new accounting pronouncements.

3. Restructuring Charges

We recognize restructuring charges when a plan that materially changes the scope of our business or the manner in which that business is conducted is adopted and communicated to the impacted parties, and the expenses have been incurred or are reasonably estimable.

Fiscal 2016 Restructuring Activity

Q4 - In the fourth quarter of fiscal 2016, we continued our efforts to better align product development and general and administrative functions with our company strategy and to reduce operating costs. We recorded \$0.3 million in restructuring charges related to the Q4 fiscal 2016 restructuring activity in fiscal 2016, comprised of severance and other employee related benefits. As of June 30, 2016, we had a remaining liability of approximately \$17,000 recorded for the Q4 fiscal 2016 restructuring activity. We expect to record additional restructuring expense related to the Q4 fiscal 2016 restructuring event during fiscal 2017 as those obligations become present and the definition of a liability included in FASB Concepts Statement No. 6, Elements of Financial Statements, is met. These additional charges are not expected to exceed \$0.2 million.

Following is a reconciliation of the beginning and ending balances of the restructuring liability:

(In thousands)	Balance at March 31, 2016	Provision / Adjustments	Payments	Balance at June 30, 2016
<i>Fiscal 2016 Restructuring Plan:</i>				
Severance and other employment costs	\$ 311	\$ —	\$ (294)	\$ 17
Total restructuring costs	<u>\$ 311</u>	<u>\$ —</u>	<u>\$ (294)</u>	<u>\$ 17</u>

4. Intangible Assets and Software Development Costs

The following table summarizes our intangible assets and software development costs:

(In thousands)	June 30, 2016			March 31, 2016		
	Gross carrying amount	Accumulated amortization	Net carrying amount	Gross carrying amount	Accumulated amortization	Net carrying amount
Amortized intangible assets:

Finite life reclassification	(230)	N/A	(230)	(230)	N/A	(230)
	8,400	N/A	8,400	8,400	N/A	8,400
Total intangible assets	\$ 32,583	\$ (24,018)	\$ 8,565	\$ 32,583	\$ (24,007)	\$ 8,576
Software development costs						
Software development costs	\$ 37,582	\$ (3,610)	\$ 33,972	\$ 6,359	\$ (2,344)	\$ 4,015
Project expenditures not yet in use	13,672	—	13,672	41,591	—	41,591
Accumulated impairment	(1,391)	N/A	(1,391)	(1,391)	N/A	(1,391)
Total software development costs	\$ 49,863	\$ (3,610)	\$ 46,253	\$ 46,559	\$ (2,344)	\$ 44,215

During the first quarter of fiscal 2017, we announced general availability of our rGuest® Stay property management solution and placed into service \$31.2 million of related software development costs. Amortization of this internally developed technology is included in Products cost of goods sold and was \$1.0 million during the three months ended June 30, 2016. The useful life of this asset is 5 years.

The following table summarizes our remaining estimated amortization expense relating to in service intangible assets and software development costs.

(In thousands)	Estimated Amortization Expense
Fiscal year ending March 31,	
2017	\$ 5,394
2018	7,191
2019	7,068
2020	6,329
2021	6,244
2022	520
Total	\$ 32,746

Intangible assets are comprised of acquired and internally developed technology to be sold, leased, or otherwise marketed and other non-software assets including, customer relationships, non-competition agreements, trade names and patented technology. Amortization expense of acquired and internally developed technology is included in Products cost of goods

sold and was \$1.3 million and \$0.3 million for the three months ended June 30, 2016 and 2015 , respectively. Amortization expense of non-software intangibles is included in operating expenses along with acquired and internally developed internal use software. Internal use software is classified as property and equipment in the Consolidated Balance Sheet. Amortization expense of non-software intangible and internal use assets was \$11,500 for the three months ended June 30, 2016 and 2015 .

Capitalized software development costs that are internally developed to be sold, leased, or otherwise marketed, are carried on our balance sheet at net realizable value, net of accumulated amortization. We capitalized approximately \$3.3 million and \$4.5 million during the three months ended June 30, 2016 and 2015 , respectively.

5. Additional Balance Sheet Information

Additional information related to the Condensed Consolidated Balance Sheets is as follows:

(In thousands)	<u>June 30, 2016</u>	<u>March 31, 2016</u>
Accrued liabilities:		
Salaries, wages, and related benefits	\$ 7,210	\$ 9,751
Other taxes payable	803	818
Accrued legal settlements	—	100
Restructuring liabilities	17	311
Severance liabilities	60	6
Professional fees	600	714
Deferred rent	405	400
Contingent consideration	—	197
Other	595	683
Total	<u>\$ 9,690</u>	<u>\$ 12,980</u>
Other non-current liabilities:		
Uncertain tax positions	\$ 1,480	\$ 1,469
Deferred rent	2,671	2,746
Other	79	79
Total	<u>\$ 4,230</u>	<u>\$ 4,294</u>

Accounts Receivable, net

Accounts receivable, net of allowance for doubtful accounts was \$17.3 million and \$22.0 million as of June 30, 2016 and March 31, 2016 , respectively. The related allowance for doubtful accounts was \$0.5 million and \$0.6 million as of June 30, 2016 and March 31, 2016 , respectively.

On January 12, 2015, an involuntary bankruptcy petition was filed against Caesars Entertainment Operating Company, Inc. (Caesars) under Chapter 11 of the U.S. Bankruptcy Code. On January 15, 2015, Caesars and certain of its affiliates filed a voluntary bankruptcy petition under Chapter 11. Those cases have been consolidated in the United States Bankruptcy Court for the Northern District of Illinois. At March 31, 2015, our accounts receivable owing by Caesars and its affiliates who have filed a bankruptcy petition totaled approximately \$ 3.2 million, including both pre- and post-petition claims. As of May 26, 2015, we filed a proof of claim with the Bankruptcy Court identifying approximately \$ 0.7 million of pre-petition claims. In January 2016, we filed an amended proof of claim with the Bankruptcy Court identifying approximately \$0.2 million of pre-petition claim in addition to those filed on May 26, 2015. As of June 30, 2016 , approximately \$0.7 million of pre-petition claims remain outstanding.

6. Income Taxes

The following table compares our income tax benefit and effective tax rates for the three months ended June 30, 2016 and 2015 :

(Dollars in thousands)	Three months ended	
	June 30,	
	2016	2015
Income tax expense (benefit)	\$ 42	\$ (24)
Effective tax rate	1.9%	7.1%

For the three months ended June 30, 2016, the effective tax rate was different than the statutory rate due primarily to the recognition of net operating losses as deferred tax assets, which were offset by increases in the valuation allowance, foreign and state taxes, and other U.S. permanent book to tax differences.

For the three months ended June 30, 2015, the effective tax rate was different than the statutory rate due primarily to the recognition of net operating losses as deferred tax assets, which were offset by increases in the valuation allowance, a refunded settlement of an unrecognized tax benefit, foreign and state taxes, and other U.S. permanent book to tax differences.

We have recorded a valuation allowance offsetting substantially all of our deferred tax assets. The ultimate realization of deferred tax assets depends on the generation of future taxable income during the periods in which those temporary differences are deductible. Because of our losses in prior periods, management believes that it is more-likely-than-not that we will not realize the benefits of these deductible differences. The amount of valuation allowance, however, could be reduced in the near term. The exact timing will be based on the level of profitability we achieve. We expect a full release of the valuation allowance associated with deferred tax assets in Hong Kong. We expect that the release of the valuation allowance will be recorded as an income tax benefit at the time of release increasing our reported net income. Our recorded tax rate may increase in subsequent periods following a valuation allowance release. Any valuation allowance release will not affect the amount of cash paid for income taxes.

7. Commitments and Contingencies

Agilysys is the subject of various threatened or pending legal actions and contingencies in the normal course of conducting its business. We provide for costs related to these matters when a loss is probable and the amount can be reasonably estimated. The effect of the outcome of these matters on our future results of operations and liquidity cannot be predicted because any such effect depends on future results of operations and the amount or timing of the resolution of such matters. While it is not possible to predict with certainty, management believes that the ultimate resolution of such individual or aggregated matters will not have a material adverse effect on our consolidated financial position, results of operations, or cash flows.

On April 6, 2012, Ameranth, Inc. filed a complaint against us for patent infringement in the United States District Court for the Southern District of California. The complaint alleges, among other things, that point-of-sale and property management and other hospitality information technology products, software, components and/or systems sold by us infringe three patents owned by Ameranth purporting to cover generation and synchronization of menus, including restaurant menus, event tickets, and other products across fixed, wireless and/or internet platforms as well as synchronization of hospitality information and hospitality software applications across fixed, wireless and internet platforms. The complaint seeks monetary damages, injunctive relief, costs and attorneys' fees. At this time, we are not able to predict the outcome of this lawsuit, or any possible monetary exposure associated with the lawsuit. However, we dispute the allegations of wrongdoing and are vigorously defending ourselves in this matter.

8. (Loss) Earnings per Share

The following data shows the amounts used in computing (loss) earnings per share and the effect on income and the weighted average number of shares of dilutive potential common shares.

	Three months ended	
	June 30,	
(In thousands, except per share data)	2016	2015
Numerator:		
Net loss	\$ (2,297)	\$ (185)
Denominator:		
Weighted average shares outstanding	22,599	22,220
Loss per share - basic and diluted:		
Loss per share	\$ (0.10)	\$ (0.01)
Anti-dilutive stock options, SSARs, restricted shares and performance shares	1,435	1,368

Basic (loss) earnings per share is computed as net income available to common shareholders divided by the weighted average basic shares outstanding. The outstanding shares used to calculate the weighted average basic shares excludes 340,101 and 454,444 of restricted shares at June 30, 2016 and 2015, respectively, as these shares were issued but were not vested and, therefore, not considered outstanding for purposes of computing basic earnings per share at the balance sheet dates.

Diluted (loss) earnings per share includes the effect of all potentially dilutive securities on earnings per share. We have stock options, stock-settled appreciation rights (SSARs) and unvested restricted shares that are potentially dilutive securities. When a loss is reported, the denominator of diluted earnings per share cannot be adjusted for the dilutive impact of share-based compensation awards because doing so would be anti-dilutive. Therefore, for the three months and six months ended June 30, 2016 and 2015, basic weighted-average shares outstanding were used in calculating the diluted net loss per share.

9. Share-based Compensation

We may grant non-qualified stock options, incentive stock options, stock-settled stock appreciation rights, restricted shares, and restricted share units for up to 3.0 million common shares under our 2011 Stock Incentive Plan (the 2011 Plan). The maximum number of shares subject to stock options or SSARs that may be granted to an individual in a calendar year is 800,000 shares, and the maximum number of shares subject to restricted shares or restricted share units that may be granted to an individual in a calendar year is 400,000 shares. The maximum aggregate number of restricted shares or restricted share units that may be granted under the 2011 Plan is 1.0 million.

We have a shareholder-approved 2006 Stock Incentive Plan (the 2006 Plan) and a 2000 Stock Incentive Plan that still have vested awards outstanding. Awards are no longer being granted from these incentive plans.

We may distribute authorized but unissued shares or treasury shares to satisfy share option and appreciation right exercises or restricted share and performance share awards.

We record compensation expense related to stock options, SSARs, restricted shares, and performance shares granted to certain employees and non-employee directors based on the fair value of the awards on the grant date. The fair value of restricted share and performance share awards is based on the closing price of our common shares on the grant date. The fair value of stock option and SSARs awards is estimated on the grant date using the Black-Scholes-Merton option pricing

[Table of Contents](#)

model, which includes assumptions regarding the risk-free interest rate, dividend yield, life of the award, and the volatility of our common shares.

The following table summarizes the share-based compensation expense for options, SSARs, restricted and performance awards included in the Condensed Consolidated Statements of Operations:

	Three months ended	
	June 30,	
(In thousands)	2016	2015
Product development	\$ 128	\$ 156
Sales and marketing	21	(43)
General and administrative	197	291
Total share-based compensation expense	346	404

Stock Options

The following table summarizes the activity during the three months ended June 30, 2016 for stock options awarded under the 2006 Plan and the 2000 Stock Incentive Plan:

	Number of Options	Weighted-Average Exercise Price	Remaining Contractual Term	Aggregate Intrinsic Value
(In thousands, except share and per share data)		(per share)	(in years)	
Outstanding at April 1, 2016	545,000	\$ 15.54		
Granted	—	—		
Exercised	—	—		
Cancelled/expired	(250,000)	15.17		
Outstanding and exercisable at June 30, 2016	295,000	\$ 15.85	0.1	\$ —

Stock-Settled Stock Appreciation Rights

SSARs are rights granted to an employee to receive value equal to the difference in the price of our common shares on the date of the grant and on the date of exercise. This value is settled in common shares of Agilysys.

The following table summarizes the activity during the three months ended June 30, 2016 for SSARs awarded under the 2011 Plan:

	Number of Rights	Weighted-Average Exercise Price	Remaining Contractual Term	Aggregate Intrinsic Value
(In thousands, except share and per share data)		(per right)	(in years)	
Outstanding at April 1, 2016	794,365	\$ 10.06		
Granted	64,231	10.47		
Exercised	—	—		
Forfeited	(4,073)	9.60		
Expired	(2,114)	9.60		
Outstanding at June 30, 2016	852,409	\$ 10.09	5.1	\$ 926
Exercisable at June 30, 2016	475,485	\$ 10.15	4.3	\$ 612

As of June 30, 2016, total unrecognized stock based compensation expense related to non-vested SSARs was \$1.1 million, which is expected to be recognized over a weighted-average vesting period of 1.84 years.

Restricted Shares

We granted shares to certain of our Directors, executives and key employees under the 2011 Plan, the vesting of which is service-based. The following table summarizes the activity during the three months ended June 30, 2016 for restricted shares awarded under the 2011 Plan:

	Number of Shares	Weighted- Average Grant- Date Fair Value
		(per share)
(In thousands, except share and per share data)		
Outstanding at April 1, 2016	335,773	\$ 12.00
Granted	—	0.00
Vested	—	—
Forfeited	(3,484)	10.57
Outstanding at June 30, 2016	332,289	\$ 12.07

The weighted-average grant date fair value of the restricted shares is determined based upon the closing price of our common shares on the grant date. As of June 30, 2016, total unrecognized stock based compensation expense related to non-vested restricted stock was \$2.5 million, which is expected to be recognized over a weighted-average vesting period of 1.34 years.

Performance Shares

The following table summarizes the activity during the three months ended June 30, 2016 for performance shares awarded under the 2011 Plan:

	Number of Shares	Weighted- Average Grant- Date Fair Value
		(per share)
Outstanding at April 1, 2016	7,812	\$ 9.6
Granted	—	—
Outstanding at June 30, 2016	7,812	\$ 9.60

The weighted-average grant date fair value of the performance shares is determined based upon the closing price of our common shares on the grant date and assumed that performance goals would be met at target. As of June 30, 2016, total unrecognized stock based compensation expense related to non-vested performance shares was \$17,000, which is expected to be recognized over a weighted-average vesting period of 0.10 years.

10. Fair Value Measurements

We estimate the fair value of financial instruments using available market information and generally accepted valuation methodologies. We assess the inputs used to measure fair value using a three-tier hierarchy. The hierarchy indicates the extent to which pricing inputs used in measuring fair value are observable in the market. Level 1 inputs include unadjusted quoted prices for identical assets or liabilities and are the most observable. Level 2 inputs include unadjusted quoted prices for similar assets and liabilities that are either directly or indirectly observable, or other observable inputs such as interest rates, foreign currency exchange rates, commodity rates, and yield curves. Level 3 inputs are not observable in the market and include our own judgments about the assumptions market participants would use in pricing the asset or liability. The use of observable and unobservable inputs is reflected in the hierarchy assessment disclosed in the tables below.

There were no significant transfers between Levels 1, 2, and 3 during the three months ended June 30, 2016 and 2015 .

The following tables present information about our financial assets and liabilities measured at fair value on a recurring basis and indicate the fair value hierarchy of the valuation techniques utilized to determine such fair value:

(In thousands)	Recorded value as of	Fair value measurement used		
		Active markets for identical assets or liabilities	Quoted prices in similar instruments and observable inputs	Active markets for unobservable inputs
	June 30, 2016	(Level 1)	(Level 2)	(Level 3)
Assets:				
Corporate-owned life insurance — current	\$ 2,357			\$ 2,357
Corporate-owned life insurance — non-current	\$ 771			\$ 771

(In thousands)	Recorded value as of	Fair value measurement used		
		Active markets for identical assets or liabilities	Quoted prices in similar instruments and observable inputs	Active markets for unobservable inputs
	March 31, 2016	(Level 1)	(Level 2)	(Level 3)
Assets:				
Corporate-owned life insurance — current	2,357			2,357
Corporate-owned life insurance — non-current	765	—	—	765
Liabilities:				
Contingent consideration — current	197	—	—	197

The recorded value of the corporate-owned life insurance policies is adjusted to the cash surrender value of the policies obtained from the third party life insurance providers, which are not observable in the market, and therefore, are classified within Level 3 of the fair value hierarchy. Changes in the cash surrender value of these policies are recorded within “Other (income) expense, net” in the Condensed Consolidated Statements of Operations.

The fair value of the contingent consideration was determined by calculating the probability-weighted earn-out payments based on the assessment of the likelihood that certain milestones would be achieved.

The following table presents a summary of changes in the fair value of the Level 3 assets:

(In thousands)	Three months ended	
	June 30,	
	2016	2015
Corporate-owned life insurance:		
Balance on April 1	\$ 3,122	\$ 2,493
Unrealized gain (loss) relating to instruments held at reporting date	5	(2)
Purchases, sales, issuances and settlements, net	1	21
Balance on June 30	<u>\$ 3,128</u>	<u>\$ 2,512</u>

The following tables present a summary of changes in the fair value of the Level 3 liabilities:

(In thousands)	Three months ended	
	June 30,	
	2016	2015
Contingent consideration		
Balance on April 1	\$ 197	\$ 112
Activity, payments and other charges (net)	(197)	(4)
Balance on June 30	<u>\$ —</u>	<u>\$ 108</u>

11. Subsequent Events

On July 28, 2016, we announced general availability of our rGuest® Buy point of sale solution. As of June 30, 2016, approximately \$10.4 million of related software development costs were capitalized as project expenditures not yet in use in the Consolidated Balance Sheet. Amortization of this internally developed technology will be included in Products cost of goods sold. The useful life of this asset is 5 years. We expect annual amortization resulting from the asset being placed into service of approximately \$2.1 million .

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

In "Management's Discussion and Analysis of Financial Condition and Results of Operations" ("MD&A"), management explains the general financial condition and results of operations for Agilysys and subsidiaries including:

- what factors affect our business;
- what our earnings and costs were;
- why those earnings and costs were different from the year before;
- where the earnings came from;
- how our financial condition was affected; and
- where the cash will come from to fund future operations.

The MD&A analyzes changes in specific line items in the Condensed Consolidated Statements of Operations and Condensed Consolidated Statements of Cash Flows and provides information that management believes is important to assessing and understanding our consolidated financial condition and results of operations. This Quarterly Report on Form 10-Q updates information included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2016, filed with the Securities and Exchange Commission (SEC). This discussion should be read in conjunction with the Condensed Consolidated Financial Statements and related Notes that appear in Item 1 of this Quarterly Report as well as our Annual Report for the year ended March 31, 2016. Information provided in the MD&A may include forward-looking statements that involve risks and uncertainties. Many factors could cause actual results to be materially different from those contained in the forward-looking statements. See "Forward-Looking Information" on page 26 of this Quarterly Report, Item 1A "Risk Factors" in Part II of this Quarterly Report, and Item 1A "Risk Factors" in Part I of our Annual Report for the fiscal year ended March 31, 2016 for additional information concerning these items. Management believes that this information, discussion, and disclosure is important in making decisions about investing in Agilysys.

Overview

Agilysys is a leading technology company that provides innovative software for point-of-sale (POS), property management (PMS), inventory and procurement, workforce management, analytics, document management and mobile and wireless solutions and services to the hospitality industry. Our solutions and services allow property managers to better connect, interact and transact with their customers and enhance their customer relationships by streamlining operations, improving efficiency, increasing guest recruitment and wallet share, and enhancing the overall guest experience. Agilysys serves four major market sectors: Gaming, both corporate and tribal; Hotels, Resorts and Cruise; Foodservice Management; and Restaurants, Universities, Stadia and Healthcare. A significant portion of our consolidated revenue is derived from contract support, maintenance and subscription services.

Agilysys operates extensively throughout North America, Europe and Asia, with corporate services located in Alpharetta, GA, and offices in Singapore, Hong Kong, Malaysia and the Philippines.

Our top priority is increasing shareholder value by improving operating and financial performance and profitability growing the business through superior products and services. To that end, we expect to invest a certain portion of our cash on hand to develop and market new software products, to fund enhancements to existing software products, to expand our customer breadth, both vertically and geographically.

Our strategic plan specifically focuses on:

- Strong customer focus, with clear and realistic service commitments.
- Growing sales of our proprietary offerings: products, support, maintenance and subscription services and professional services.
- Diversifying our customer base across industries and geographies.
- Capitalizing on our intellectual property and emerging technology trends.

The primary objective of our ongoing strategic planning process is to create shareholder value by exploiting growth opportunities and strengthening our competitive position within the specific technology solutions and in the end markets

we service. The plan builds on our existing strengths and targets industry leading growth and peer beating financial and operating results driven by new technology trends and market opportunities. Industry leading growth and peer beating financial and operational results will be achieved through tighter coupling and management of operating expenses of the business and sharpening the focus of our investments to concentrate on growth opportunities with the highest return by seeking the highest margin revenue opportunities in the markets in which we compete.

Revenue - Defined

As required by the SEC, we separately present revenue earned as products revenue, support, maintenance and subscription services revenue or professional services revenue in our Consolidated Statements of Operations. In addition to the SEC requirements, we may, at times, also refer to revenue as defined below. The terminology, definitions, and applications of terms we use to describe our revenue may be different from those used by other companies and caution should be used when comparing these financial measures to those of other companies. We use the following terms to describe revenue:

- Revenue – We present revenue net of sales returns and allowances.
- Products revenue – Revenue earned from the sales of hardware equipment and proprietary and remarketed software.
- Support, maintenance and subscription services revenue – Revenue earned from the sale of proprietary and remarketed ongoing support, maintenance and subscription or hosting services.
- Professional services revenue – Revenue earned from the delivery of implementation, integration and installation services for proprietary and remarketed products.

Results of Operations

First Fiscal Quarter 2017 Compared to First Fiscal Quarter 2016

Net Revenue and Operating Loss

The following table presents our consolidated revenue and operating results for the three months ended June 30, 2016 and 2015 :

(Dollars in thousands)	Three months ended		Increase (decrease)	
	2016	2015	\$	%
Net revenue:				
Products	\$ 9,520	\$ 8,811	\$ 709	8.0 %
Support, maintenance and subscription services	14,948	14,899	49	0.3 %
Professional services	6,485	3,781	2,704	71.5 %
Total net revenue	30,953	27,491	3,462	12.6 %
Cost of goods sold:				
Products (inclusive of developed technology amortization)	6,532	4,922	1,610	32.7 %
Support, maintenance and subscription services	3,856	3,495	361	10.3 %
Professional services	4,374	2,675	1,699	63.5 %
Total cost of goods sold	14,762	11,092	3,670	33.1 %
Gross profit	16,191	16,399	(208)	(1.3)%
Gross profit margin	52.3 %	59.7 %		
Operating expenses:				
Product development	6,855	6,268	587	9.4 %
Sales and marketing	5,634	4,461	1,173	26.3 %
General and administrative	4,873	5,177	(304)	(5.9)%
Depreciation of fixed assets	598	518	80	15.4 %
Amortization of intangibles	336	298	38	12.8 %
Restructuring, severance and other charges	89	(46)	135	nm
Operating loss	\$ (2,194)	\$ (277)	\$ (1,917)	nm
Operating loss percentage	(7.1)%	(1.0)%		

nm - not meaningful

The following table presents the percentage relationship of our Condensed Consolidated Statement of Operations line items to our consolidated net revenues for the periods presented:

	Three months ended	
	June 30,	
	2016	2015
Net revenue:		
Products	30.7 %	32.0 %
Support, maintenance and subscription services	48.3	54.2
Professional services	21.0	13.8
Total	100.0 %	100.0 %
Cost of goods sold:		
Products (inclusive of developed technology amortization)	21.1	17.9
Support, maintenance and subscription services	12.5	12.7
Professional services	14.1	9.7
Total	47.7 %	40.3 %
Gross profit	52.3 %	59.7 %
Operating expenses:		
Product development	22.1	22.8
Sales and marketing	18.2	16.2
General and administrative	15.7	18.8
Depreciation of fixed assets	1.9	1.9
Amortization of intangibles	1.1	1.1
Restructuring, severance and other charges	0.3	(0.2)
Operating loss	(7.1)%	(1.0)%

Net revenue. Total net revenue increased \$3.5 million , or 12.6% , during the first quarter of fiscal 2017 compared to the first quarter of fiscal 2016 . Products revenue increased \$0.7 million , or 8.0% , due to increased hardware replacement sales for existing iconic products, as well as increased new logo hardware sales associated with our proprietary software sold as a service. Hardware revenue growth was offset by a decline in proprietary software license revenue in line with the strategic shift in mix to subscription based services revenue. Support, maintenance and subscription services revenue remained relatively flat at \$14.9 million compared to the first quarter of fiscal 2016 driven primarily by continued increases in subscription based service revenue, which increased approximately 31.3% during the first quarter of fiscal 2017 compared to the first quarter of fiscal 2016, offset by a decline in our remarketed support revenue. Professional services revenue increased \$2.7 million , or 71.5% , as a result of increased volume of customer installation and implementation projects associated with growth in overall product revenue.

Gross profit and gross profit margin. Our total gross profit decreased \$0.2 million , or 1.3% , for the first quarter of fiscal 2017 and total gross profit margin decreased approximately 740 basis points to 52.3% . Products gross profit decreased \$0.9 million and gross profit margin decreased approximately 1,270 basis points to 31.4% primarily as a result of an increase of \$1.0 million of developed technology amortization as a result of the rGuest® Stay development costs being placed into service with the announcement of the property management system as being generally available during the first quarter of fiscal 2017. Support, maintenance and subscription services gross profit remained consistent and gross margin decreased 230 basis points to 74.2% as we continue to invest in our subscription platform. Professional services gross profit increased \$1.0 million and gross profit margin improved approximately 330 basis points to 32.6% primarily as a result of more efficient use of labor during the first quarter of fiscal 2017 as compared to the first quarter of fiscal 2016 .

Operating expenses

Operating expenses, excluding the charges for restructuring, severance and other charges, increased \$1.6 million , or 9.4% , in the first quarter of fiscal 2017 compared with the first quarter of fiscal 2016 .

Product development. Product development includes all expenses associated with research and development. Product development increased \$0.6 million , or 9.4% in the first quarter of fiscal 2017 compared with the first quarter of fiscal 2016 . This increase is primarily driven by our continued investment in resources related to both our rGuest® and iconic product enhancements to expand the customer experience across our install base as well as our future offerings with existing and new customers. In addition, certain research and development costs are capitalized as software development costs upon achieving specific milestones in the development life-cycle. We capitalized approximately \$3.4 million and \$4.7 million as software development costs for future use during the three months ended June 30, 2016 and 2015 , respectively.

Sales and marketing. Sales and marketing increased \$1.2 million , or 26.3% , in the first quarter of fiscal 2017 compared with the first quarter of fiscal 2016 . The change is due primarily to an increase of approximately \$0.7 million in commission expense in line with booking growth, specifically in subscription based bookings, whose total contract value increased 250% year over year. In addition, advertising and promotion expense increased \$0.4 million primarily due to timing of tradeshows and other marketing initiatives, during the first quarter of fiscal 2017 compared with the first quarter of fiscal 2016.

General and administrative. General and administrative declined \$0.3 million , or 5.9% , in the first quarter of fiscal 2017 compared with the first quarter of fiscal 2016 due primarily of our continued efforts to improve efficiencies and streamline back office functions.

Other Expenses (Income)

(Dollars in thousands)	Three months ended		(Unfavorable) favorable	
	2016	June 30, 2015	\$	%
Other (income) expense:				
Interest income	\$ (33)	\$ (44)	\$ (11)	(25.0)%
Interest expense	4	8	4	50.0 %
Other expense (income), net	90	(32)	(122)	nm
Total other expense (income), net	\$ 61	\$ (68)	\$ (129)	189.7 %

Interest income. Interest income consists of interest earned on investments in certificates of deposit, commercial paper and corporate bonds.

Interest expense. Interest expense consists of costs associated with capital leases and loans on corporate-owned life insurance policies. Interest expense remained flat in the first quarter of fiscal 2017 compared to the first quarter of fiscal 2016 .

Other expense (income). Other expense (income) consists mainly of the impact of foreign currency due to movement of European and Asian currencies against the US dollar.

Income Taxes

(Dollars in thousands)	Three months ended		(Unfavorable) favorable	
	2016	June 30, 2015	\$	%
Income tax expense (benefit)	\$ 42	\$ (24)	\$ (66)	nm
Effective tax rate	1.9%	7.1%		

nm - not meaningful

For the three months ended June 30, 2016, the effective tax rate was different than the statutory rate due primarily to the recognition of net operating losses as deferred tax assets, which were offset by increases in the valuation allowance, foreign and state taxes, and other U.S. permanent book to tax differences.

For the three months ended June 30, 2015, the effective tax rate was different than the statutory rate due primarily to the recognition of net operating losses as deferred tax assets, which were offset by increases in the valuation allowance, a refunded settlement of an unrecognized tax benefit, foreign and state taxes, and other U.S. permanent book to tax differences.

Although the timing and outcome of tax settlements are uncertain, it is reasonably possible that during the next 12 months a reduction in unrecognized tax benefits may occur in the range of zero to \$0.1 million of tax and zero to \$0.1 million of interest based on the outcome of tax examinations and as a result of the expiration of various statutes of limitations. We are routinely audited; due to the ongoing nature of current examinations in multiple jurisdictions, other changes could occur in the amount of gross unrecognized tax benefits during the next 12 months which cannot be estimated at this time.

We have recorded a valuation allowance offsetting substantially all of our deferred tax assets. The ultimate realization of deferred tax assets depends on the generation of future taxable income during the periods in which those temporary differences are deductible. Because of our losses in prior periods, management believes that it is more-likely-than-not that we will not realize the benefits of these deductible differences. The amount of valuation allowance, however, could be reduced in the near term. The exact timing will be based on the level of profitability we achieve. We expect a full release of the valuation allowance associated with deferred tax assets in Hong Kong. We expect that the release of the valuation allowance will be recorded as an income tax benefit at the time of release increasing our reported net income. Our recorded tax rate may increase in subsequent periods following a valuation allowance release. Any valuation allowance release will not affect the amount of cash paid for income taxes.

Liquidity and Capital Resources

Overview

Our operating cash requirements consist primarily of working capital needs, operating expenses, capital expenditures, and payments of principal and interest on indebtedness outstanding, which primarily consists of lease and rental obligations at June 30, 2016 . We believe that cash flow from operating activities, cash on hand of \$55.3 million as of June 30, 2016 and access to capital markets will provide adequate funds to meet our short- and long-term liquidity requirements in the next 12 months.

As of June 30, 2016 and March 31, 2016 , our total debt was approximately \$0.3 million , comprised of capital lease obligations in both periods.

At June 30, 2016 , 100% of our cash and cash equivalents were deposited in bank accounts or invested in highly liquid investments with original maturities of three months or less. We maintain approximately 95% of our cash and cash equivalents in the United States. Therefore, we believe that credit risk is limited with respect to our cash and cash equivalents.

Cash Flow

(In thousands)	Three months ended	
	June 30,	
	2016	2015
Net cash used in:		
Operating activities	\$ (1,019)	\$ (1,865)
Investing activities	(3,689)	(6,805)
Financing activities	\$ (567)	\$ (422)
Effect of exchange rate changes on cash	(21)	59
Net decrease in cash and cash equivalents	\$ (5,296)	\$ (9,033)

Cash flow used in operating activities. Cash flows used in operating activities was \$1.0 million in the first three months of fiscal 2017. The use of cash was attributable to \$0.8 million in net working capital movements associated mainly with \$4.7 million in increased collections on accounts receivable and \$1.2 million in increased inventory and prepaid expenses, offset by a \$3.8 million decrease in deferred revenue related to support services and a \$2.8 million decrease in accounts payable and other accrued expenses, primarily due to annual fiscal 2016 payment bonuses.

Cash flows used in operating activities were \$1.9 million in the first three months of fiscal 2016. The use of cash was mostly attributable to \$1.7 million in net working capital movements associated with payments to vendors offset by \$6.2 million in increased collections on accounts receivable and \$0.3 million in restructuring, severance, and other payments to favorable working capital movements. This was offset by \$1.3 million related to our operating loss adjusted for depreciation, amortization, and share based compensation.

Cash flow used in investing activities. In fiscal 2017, the \$3.7 million in cash used in investing activities was primarily comprised of \$3.3 million for the development of proprietary software and \$0.4 million for purchase of property and equipment, including internal use software.

In fiscal 2016, the \$6.8 million in cash used in investing activities was primarily comprised of \$5.6 million for the development of proprietary software and \$1.2 million for purchase of property and equipment, including internal use software.

Cash flow used in financing activities. During the first three months of fiscal 2017, the \$0.6 million used in financing activities was primarily comprised of \$0.3 million related to the repurchase of shares to satisfy employee tax withholding and to cover the price of the options and \$0.2 million in payments to settle the contingent consideration related to the fiscal 2014 acquisition of TimeManagement Corporate (TMC).

During the first three months of fiscal 2016, the \$0.4 million used in financing activities was primarily comprised of the repurchase of shares to satisfy employee tax withholding and to cover the price of the options, and payments on capital lease obligations.

Contractual Obligations

As of June 30, 2016, there were no other significant changes to our contractual obligations as presented in our Annual Report for the year ended March 31, 2016.

Off-Balance Sheet Arrangements

We have not entered into any off-balance sheet arrangements that have had or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures, or capital resources.

Critical Accounting Policies

A detailed description of our significant accounting policies is included in our Annual Report for the year ended March 31, 2016 . There have been no material changes in our significant accounting policies and estimates since March 31, 2016 except as noted in Note 2, *Summary of Significant Accounting Policies* .

Forward-Looking Information

This Quarterly Report and other publicly available documents, including the documents incorporated herein and therein by reference, contain, and our officers and representatives may from time to time make, "forward-looking statements" within the meaning of the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as: "anticipate," "intend," "plan," "goal," "seek," "believe," "project," "estimate," "expect," "strategy," "future," "likely," "may," "should," "will" and similar references to future periods. These statements are not guarantees of future performance and involve risks, uncertainties, and assumptions that are difficult to predict. These statements are based on management's current expectations, intentions, or beliefs and are subject to a number of factors, assumptions, and uncertainties that could cause actual results to differ materially from those described in the forward-looking statements. Factors that could cause or contribute to such differences or that might otherwise impact the business include the risk factors set forth in Item 1A in Part II of this Quarterly Report and Item IA of our Annual Report for the fiscal year ended March 31, 2016 . We undertake no obligation to update any such factor or to publicly announce the results of any revisions to any forward-looking statements contained herein whether as a result of new information, future events, or otherwise.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

For quantitative and qualitative disclosures about market risk affecting us, see Item 7A, "Quantitative and Qualitative Disclosures About Market Risk," contained in our Annual Report for the fiscal year ended March 31, 2016 . There have been no material changes in our market risk exposures since March 31, 2016 .

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Under the supervision of and with the participation of our Chief Executive Officer (CEO) and Chief Financial Officer (CFO), management evaluated the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended, as of the end of the period covered by this Quarterly Report. Based on that evaluation, the CEO and CFO concluded that, as of the end of the period covered by this Quarterly Report, our disclosure controls and procedures were effective.

Change in Internal Control over Financial Reporting

None.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

None.

Item 1A. Risk Factors

There have been no material changes in the risk factors included in our Annual Report for the fiscal year ended March 31, 2016 that may materially affect our business, results of operations, or financial condition.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

None.

Item 6. Exhibits

31.1 Rule 13a-14(a)/15d-14(a) Certification of Chief Executive Officer.

31.2 Rule 13a-14(a)/15d-14(a) Certification of Chief Financial Officer.

32.1 Certification of Chief Executive Officer pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of Sarbanes-Oxley Act of 2002.

32.2 Certification of Chief Financial Officer pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of Sarbanes-Oxley Act of 2002.

101 The following materials from our quarterly report on Form 10-Q for the quarter ended June 30, 2016 , formatted in XBRL (Extensible Business Reporting Language): (i) Condensed Consolidated Balance Sheets at June 30, 2016 and March 31, 2016 , (ii) Condensed Consolidated Statements of Operations for the three months ended June 30, 2016 and 2015 , (iii) Condensed Consolidated Statements of Comprehensive (Loss) Income for the three months ended June 30, 2016 and 2015 , (iv) Condensed Consolidated Statements of Cash Flows for the three months ended June 30, 2016 and 2015 , and (v) Notes to Condensed Consolidated Financial Statements for the three months ended June 30, 2016 .

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this Quarterly Report to be signed on its behalf by the undersigned thereunto duly authorized.

AGILYSYS, INC.

(Principal Accounting Officer and Duly Authorized Officer)

CERTIFICATION OF THE CHIEF EXECUTIVE OFFICER

I, James H. Dennedy, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Agilysys, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
