

OPTIMA Team ready for the ICE 2019

OPTIMA, a leader software company in the sportsbetting and gaming industry, will showcase the latest innovations in its sports betting and gaming platform, OPTIMAMGS, after being crowned as the best Retail betting product provider by SBCnews, Best Management System by Oracle and also highly commended for the Best Standalone Platform by SBCnews.

Visitors will be able to discover at the Stand N2-310, the main functionalities of OPTIMAMGS, Multichannel Gaming Suite, the most scalable, feature rich and innovative platform that includes a fully scalable management system as player administration, payment management, anti-fraud tools, risk management and analytics and reporting system, bundled with an optional and available fully integrated and renowned sports betting module and many more features that will allow you to customize your platform based on your business needs.

Furthermore, OPTIMA is offering Demos and more focused information about any functionality, tool or feature of our products that can bring your business to the next level and make you more competitive, by booking an appointment through the following link:
