1. Reporting entity:

Pollard Banknote Limited ("Pollard") was incorporated under the laws of Canada on March 26, 2010. The address of Pollard's registered office is 140 Otter Street, Winnipeg, Manitoba, Canada, R3T 0M8.

The condensed consolidated interim financial statements of Pollard as at and for the six months ended June 30, 2016, comprise Pollard, Pollard's subsidiaries and its interest in other entities. Pollard is primarily involved in the manufacture and sale of lottery and gaming products.

The controlling entity of Pollard is Pollard Equities Limited ("Equities"), a privately held company. Equities owns approximately 73.5% of Pollard's outstanding shares.

Pollard's consolidated financial statements as at and for the year ended December 31, 2015, are available at www.sedar.com.

The overall impact of seasonality does not have a significant impact on the operations of Pollard.

2. Basis of preparation:

(a) Statement of compliance:

These condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standards ("IAS") 34 *Interim Financial Reporting* and do not include all of the information required for full annual consolidated financial statements.

On August 10, 2016, Pollard's Board of Directors approved these condensed consolidated interim financial statements.

(b) Use of estimates and judgments:

The preparation of condensed consolidated interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

In preparing these condensed consolidated interim financial statements, the significant judgments made by management in applying Pollard's accounting policies and the key sources of estimation uncertainty were the same as those applied to the consolidated financial statements as at and for the year ended December 31, 2015.

2. Basis of preparation (continued):

(c) Significant accounting policies::

These condensed consolidated interim financial statements follow the same significant accounting policies as described and used in Pollard's consolidated financial statements for the year ended December 31, 2015 and should be read in conjunction with those reports.

3. Future accounting standards:

In July 2014, the International Accounting Standards Board ("IASB") issued International Financial Reporting Standards ("IFRS") 9 *Financial Instruments* ("IFRS 9"), which replaces the existing guidance in IAS 39 *Financial Instruments: Recognition and Measurement.* IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39. IFRS 9 is required for fiscal years beginning on or after January 1, 2018. Pollard is currently assessing the impact of the new standard on its consolidated financial statements.

In May 2014, the IASB issued IFRS 15 *Revenue from Contracts with Customers*. The new standard specifies the steps and timing for recognizing revenue, as well as requiring more informative, relevant disclosures. IFRS 15 supersedes IAS 11 *Construction Contracts* and IAS 18 *Revenue*. IFRS 15 is required for fiscal years beginning on or after January 1, 2018 with early adoption available. Pollard is currently assessing the impact of the new standard on its consolidated financial statements.

In September 2014, the IASB issued amendments to IFRS 10 *Consolidated Financial Statements* and IAS 28 *Investments in Associates and Joint Ventures* (2011). The amendments address an acknowledged inconsistency between the requirements in IFRS 10 and those in IAS 28 (2011), in dealing with the sale or contribution of assets between an investor and its associate or joint venture. The main consequence of the amendments is that a full gain or loss is recognized when a transaction involves a business (whether it is housed in a subsidiary or not). A partial gain or loss is recognized when a transaction involves assets that do not constitute a business, even if these assets are housed in a subsidiary. These amendments were to be effective for fiscal years beginning on or after January 1, 2016, with early adoption available; however, in December 2015 the IASB decided to defer the effective date for these amendments indefinitely. Pollard is currently assessing the impact of the amendments on its consolidated financial statements.

In January 2016, the IASB issued IFRS 16 *Leases* which replaces IAS 17 *Leases*. This standard introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee is required to recognize a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. This standard substantially carries forward the lessor accounting requirements of IAS 17, while requiring enhanced disclosures to be provided by lessors. Other areas of the lease accounting model have been impacted, including

(In thousands of Canadian dollars, except for share amounts)

3. Future accounting standards (continued):

the definition of a lease. Transitional provisions have been provided. The new standard is effective for annual periods beginning on or after January 1, 2019. Earlier application is permitted for entities that apply IFRS 15 *Revenue from Contracts with Customers* at or before the date of initial adoption of IFRS 16. Pollard is currently assessing the impact of the new standard on its consolidated financial statements.

In January 2016, the IASB issued amendments to IAS 7 *Statement of Cash Flows*. The amendments were issued to improve information provided to users of financial statements about an entity's changes in liabilities arising from financing activities. These amendments are effective for annual periods beginning on or after January 1, 2017. Earlier application is permitted. Pollard is currently assessing the impact of the new standard on its consolidated financial statements.

In January 2016, the IASB issued amendments to IAS 12 *Income Taxes*. The amendments were regarding the recognition of deferred tax assets for unrealized losses relating to debt instruments measured at fair value. These amendments are effective for annual periods beginning on or after January 1, 2017. Earlier application is permitted. Pollard is currently assessing the impact of the new standard on its consolidated financial statements.

In June 2016, the IASB issued amendments to IAS 2 *Share-Based Payments.* The amendments clarify how to account for certain types of share-based payment transactions. These amendments are effective for annual periods beginning on or after January 1, 2018. Retrospective or earlier application is permitted under certain conditions. Pollard is currently assessing the impact of the new standard on its consolidated financial statements.

Included in the total credit facility balance is a U.S. dollar loan balance of US$13,400 (December 31, 2015 - US$14,200).

Effective June 24, 2016, Pollard Banknote Limited renewed its credit facility. As part of the renewal, the outstanding balance of the term facility was repaid. The credit facility provides loans of up to $75,000 for its Canadian operations and US$12,000 for its U.S. subsidiaries. The borrowings for the Canadian operations can be denominated in Canadian or U.S. dollars, to a maximum of $75,000 Canadian equivalent. Borrowings under the credit facility bear interest at fixed and floating rates based on Canadian and U.S. prime bank rates, banker's acceptances or LIBOR. At June 30, 2016, the outstanding letters of guarantee drawn under the credit facility were $1,205 (December 31, 2015 - $1,257).

Under the terms and conditions of the credit facility agreement Pollard is required to maintain certain financial covenants including working capital ratios, debt to income before interest, income taxes, amortization and depreciation ("Adjusted EBITDA") ratios and certain debt service coverage ratios. As at June 30, 2016, Pollard is in compliance with all financial covenants.

As of June 30, 2016, Pollard has unused credit facility available of $15,614 (December 31, 2015 - $17,591).

Pollard's credit facility is secured by a first security interest in all of the present and after acquired property of Pollard. The facility can be prepaid without penalties. Under the terms of the agreement the facility was committed for a two year period, renewable June 24, 2018.

On April 2, 2014, Pollard's former subsidiary, Pollard Holdings Limited Partnership, entered into a loan agreement with Equities for a subordinated term loan facility with a seven year term in the amount of $6,813 to assist in the purchase of a printing press. Effective January 1, 2015, Pollard Banknote Limited assumed the subordinated debt on completion of the amalgamation of the Canadian entities.

Quarterly principal payments on the subordinated loan facility commenced the month following the repayment in full of the additional secured term facility, which occurred June 30, 2016. Interest on the subordinated term loan facility commenced with the first draw at a rate of 9%. The loan is fully subordinated to the secured credit facility.

15. Financial risk management:

Pollard has exposure to the following risks from its use of financial instruments:

Credit risk
Liquidity risk
Currency risk
Interest rate risk

Pollard's risk management policies are established to identify and analyze the risks, to set appropriate risk limits and controls and to monitor risks and adherence to limits. The Audit Committee oversees how management monitors compliance with Pollard's risk management policies and procedures. The Audit Committee is assisted in its oversight role by Internal Audit, who undertakes regular reviews of risk management controls and utilizes the annual risk assessment process as the basis for the annual internal audit plan.

Liquidity risk

Liquidity risk is the risk that Pollard will not be able to meet its financial obligations as they fall due. Pollard's approach is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. In addition, Pollard maintains a committed credit facility including up to $75,000 for its Canadian operations and US$12,000 for its U.S. subsidiaries. At June 30, 2016, the unused balance available for drawdown under the credit facility was $15,614, (December 31, 2015 - $17,591).

The 2016 requirements for capital expenditures, working capital and dividends are expected to be financed from cash flow provided by operating activities and the unused credit facility. Pollard enters into contractual obligations in the normal course of business operations.

Currency risk

Pollard sells a significant portion of its products and services to customers in the United States and to some international customers where sales are denominated in U.S. dollars. In addition, a significant portion of its cost inputs are denominated in U.S. dollars. Pollard also generates revenue in currencies other than the Canadian and U.S. dollar, primarily in Euros.

A 50 basis point strengthening/weakening in the foreign exchange rate between the Canadian and U.S. dollar would decrease/increase the income before income taxes due to changes in operating cashflow by approximately $32 for the second quarter of 2016 (2015 - $10) and approximately $39 for the six months ended June 30, 2016 (2015 - $33). A 50 basis point strengthening/weakening in the foreign exchange rate between the Canadian and Euro would decrease/increase the income before income taxes due to changes in operating cashflow by approximately $15 for the second quarter of 2016 (2015 - $9) and approximately $26 for the six months ended June 30, 2016 (2015 - $23).

15. Financial risk management (continued):

In addition, translation differences arise when foreign currency monetary assets and liabilities are translated at foreign exchange rates that change over time. At June 30, 2016, the amount of financial liabilities denominated in U.S. dollars exceeds the amount of financial assets denominated in U.S. dollars by approximately $4,860 (December 31, 2015 - $4,101). A 50 basis point weakening/strengthening in the value of the Canadian dollar relative to the U.S. dollar would result in a decrease/increase in income before taxes of approximately $24 for the three and six months ended June 30, 2016 (2015 - $27).

Pollard utilizes a number of strategies to mitigate its exposure to currency risk. Two manufacturing facilities are located in the U.S. and a significant amount of cost inputs for all production facilities are denominated in U.S. dollars, offsetting a large portion of the U.S. dollar revenue in a natural hedge.

Pollard also uses financial hedges, including foreign currency contracts, to help manage foreign currency risk. At June 30, 2016, Pollard had no outstanding foreign currency contracts.

Interest rate risk

Pollard is exposed to interest rate risk relating to its fixed and floating rate instruments. Fluctuation in interest rates will have an effect on the valuation and repayment of these instruments.

A 50 basis point decrease/increase in interest rates would result in an increase/decrease in income before income taxes of approximately $92 for the three months ended June 30, 2016 (2015 - $91) and approximately $184 for the six months ended June 30, 2016 (2015 - $182).
